

The PDC

PERSONAL DOCUMENT CONTAINER

The Personal Document Container (PDC) is designed to fit under a desk to secure sensitive documents.

SECURE

- Tamper proof lid for confidential disposal of documents

EFFICIENT

- Lightweight design and grips on both ends allow for easy emptying
- Lid is completely removable so it doesn't get in the way during the collection process
- Ideal for large offices and where space is limited as it fits right under the desk
- Easy for dump and go

CONVENIENT

- Designed for deskside document collection which eliminates the "lazy toss" of confidential paper
- Body designed to guide paper into a stack maximizing the container's capacity
- No bag required

Lightweight design and grips on both ends allow for easy emptying

Compact size allows container to fit under desk, ensuring all paper is collected

Sturdy lid and lock makes tampering nearly impossible

One key solution for faster collection
